

RecordMax Expands Facility Lease in Mobile and Locks Up to Current Leased Space Until 2019

October 2nd, 2012 – Mobile, Alabama; New Orleans, Louisiana

RecordMax Mobile, LLC has signed new paperwork with landlord Paulk Properties Mobile, LLC that expands storage capacities and adds more option periods; assuring a long term relationship between the parties in the years to come.

Since moving into the Mobile marketplace many years ago, RecordMax has worked hard to build upon the foundation established by the business it acquired; SpaceSavers Document Storage. RecordMax feels very fortunate to have maintained the same staff team for nearly the entire period including Operations Manager Gloria Hayes...a professional that has served customers in South Alabama for nearly nineteen years. In recent years, RecordMax has enhanced numerous operational components for Mobile area customers including new high end servers, a high speed communications & network infrastructure, new storage systems, new surveillance systems, new vehicle tracking technology and is the first business in the area to become Privacy+ Certified...a new security standard spreading rapidly throughout the commercial information services industry.

The lease expansion and extension was negotiated between RecordMax President Jim Teske and Paulk Properties Principal Robert Paulk; founder of SpaceSavers and a lifelong resident of the area. The approach to the agreement was consistent with the approach to serving their respective customers...treat each other as you would wish to be treated.

As always, please let us know if there's ever anything we can do for you. And if you're one of our customers, thanks very much for choosing **RecordMax!**

About The RecordMax Companies

RecordMax is a proven leader in providing secure information storage, retrieval, imaging, shredding & data protection services to law firms, hospitals, businesses, government entities or other professional organizations.
