

FOR IMMEDIATE RELEASE – RecordMax Acquires Kenco Records Mgmt.

June, 2007 – Jackson, Mississippi and Chattanooga, Tennessee

RecordMax announced the acquisition of the assets of Kenco Records Management; a division of Kenco Group, Inc. Kenco Group is a provider of logistics solutions, storage, staffing, fulfillment, project management and other business services based in Chattanooga.

“We’re very excited to have found a fit between Kenco’s needs and our own. The folks at Kenco told me they basically wanted to move out of a non-strategic service offering while protecting relationships with customers that they will continue to serve in other areas” said Jim Teske, president of **The RecordMax Companies**. “We have been looking for complimentary markets here in the South to move into and Chattanooga is just a perfect geographically. Kenco developed a nice customer list of quality organizations that RecordMax looks forward to serving. And a good, solid and secure facility simply made this deal a solid expansion opportunity we couldn’t pass up.”

The local customer service team in Chattanooga has already been reinforced with the addition of two new team members: Shari Hixson and Alonzo Goodwin.

Shari Hixson comes to RecordMax Chattanooga with a long history in customer service and logistics services. She has already flown down to Florida for some intense specialized training on our operating system software. With our team, Shari will coordinate incoming requests for customers accessing (or needing us to pick-up) information assets. She will also handle other local accounting and customer service responsibilities and is getting additional transition assistance from Kenco representatives. Shari can be reached at our local office (423) 643-3561 or via email at shixson@recordmax.com.

Alonzo Goodwin comes to RecordMax Chattanooga with a background in warehousing, logistics and other services. Since coming on board, he has been learning delivery routes, internal records center operations and learning specific customer needs or special service requirements. Zo has a reputation among peers as someone always wearing a smile and someone willing to go the extra mile in taking care of customers. Zo can also be reached at (423) 643-3561.

Justin Battles, a former employee of Kenco Records Management, transitioned over to join the RecordMax team and brings experience both within the records center and on the road handling pick-ups and deliveries. Justin, a part time student majoring in mathematics, also specializes in re-filing activities for file folders going back into containers and loose document filing.

About RecordMax

RecordMax is an emerging leader in providing secure information storage and management services to law firms, hospitals, business professionals and other organizations. Our archival services range from the protection of business records, files, computer tapes and other sensitive media to digital storage of electronic documents, images, email and web content. Enjoy convenient and professional delivery and retrieval solutions...we treat every item we handle just like the largest of shipping companies; with barcode based tracking technology and portable receipt printing by the drivers that bring information assets right to your door.

The resources and experience of our management combined with hiring the best possible leaders for local customers assures confident, consistency and quality from people our customers have come to trust. With a growing number of locations around the Southeast, **RecordMax** stands ready to be a trusted part of your information management team.

You’ll be glad you chose the people, the facilities and the business solutions at **RecordMax**.
